Instructions

A number of different activities will be presented in groups of three. Read over these activities. Decide which of the three you would prefer to do **most**, and click the box under **1st**. Then decide which you would like **next most** and click the box under **2nd**.

Once you have selected a 1st and 2nd placement, the **3rd** selection will automatically fill in for you. Click **Next** to proceed to the next question.

Some of the activities involve a certain amount of skill or training. In those cases, imagine that you have the necessary training or experience. There are no answers that are right or wrong; an answer is right if it is true for you.

These instructions are available from the top tab that says "Review Instructions" at any point in the assessment.
